

HEALING MISSION

Guest Speaker

Don Jaeger

Director of the Healing Ministry

at

All Saints Church

In 1992, Don was healed by Christ of ALS (Lou Gehrig's disease) through the gift of Faith and eventually received a complete and documented cure. He has related his story of Christ's healing many times, domestically, internationally, and on National Television.

Friday evening, Don will be sharing his inspirational witness about the miracle of being CURED FROM ALS. During Saturday's morning session he will be discussing the TOPIC OF FEAR. Since fear is the opposite of faith, the emphasis of the presentation will be how to deal with the fear which precedes any diagnosis and during the healing process. And- fear about anything- others, finances, encounters, and fear itself, stressing that we need to take our fear, along with our illness, and present it to Christ and never take it back. Christ forgives our fear and heals us. Saturday's second session will be a time of encouraging others on HOW TO SUSTAIN THEIR HEALING AND CURING.
